

MEDIUM

WINTER HIKING

## TOUR DESCRIPTION

The sunny winter hiking trail leads from the valley village of Mittelberg to Baad. Via the Stützweg, the winter hiking trail climbs gently along the open slopes through the small settlements of Erlemboden and Alpenwald. The panoramic trail offers almost continuous panoramic views of the peaks around the Gemsteltal valley. From the highest point, shortly after the alpine forest, a gravel winter hiking trail leads down a slightly steeper descent to Baad.

**3.49 KM**

🕒 Duration  
**1:30 H**

⚡ Altitude meters  
**129 M**

⚡ Highest point  
**1327 M**

## ROUTE DESCRIPTION

From the starting point in Mittelberg, take the Stützweg, pass the Maisäblift and walk on with direction Erlemboden. The road ascends smoothly for about one kilometer. At Erlemboden, keep left and follow the signs towards Alpenwald. A few meters behind the Cafe Alpenwald the path becomes more shadowy; the highest point is reached. From here, a gritted path leads down to Baad, partly steps facilitate the descend. The path is almost continuously ploughed in winter and gritted everywhere.

## RECOMMENDED EQUIPMENT

**EMERGENCY NUMBERS** 140 Alpine Emergencies Austria wide

144 Alpine Emergencies Vorarlberg

112 Euro-Emergencies (works with every mobile network)

[www.vorarlberg.travel/sicherheitstipps](http://www.vorarlberg.travel/sicherheitstipps)

Sturdy shoes, warm clothing and hiking poles for steep sections recommended.

## FURTHER INFO & LINKS

### Tips

Enjoy the cold, fresh spring water at the Chalts Bächle spring in the Alpine forest!

How do you consciously experience nature?

Nature is so much more than the backdrop for unforgettable mountain experiences. It is a habitat for animals and plants. It provides drinking water and supplies us with high quality food. Not only does it provide valuable raw materials such as wood, it also protects against avalanches and mudslides and regulates the climate. It is up to us to support nature in everything that it does for us. One thing is certain, together we can achieve more:

**Smart in NATURE**

**CONSCIOUS together**

**EXPERIENCE foresight**

### Smart in NATURE

Take a deep breath and recharge your batteries, be outside and feel free. When we enjoy nature, we are guests in the living room of shy animals and rare plants. If you behave smart,

### Condition

### Best season

JAN FEB MAR APR MAI JUN  
JUL AUG SEP OCT NOV DEC

**Sart:** Mittelberg

**Goal:** Baad

they will be happy to share their living space with you in the future too.

#### **Stay on paths and marked routes**

If you follow the marked paths and routes, you are sure to come to new favorite places. In this way you also respect protected areas, because many animals and plants need special protection. Especially in winter, any disturbance unnecessarily costs the wild animals the strength they need to survive.

#### **Avoiding twilight times**

Standing on a mountain at sunrise is a special experience. The morning and evening hours are also the time when most wild animals are in search of food. If they are disturbed, they get stressed. If it cannot be avoided, please stay on the marked path, do not use a bright headlamp and enjoy the silence.

#### **Stay clean & take rubbish with you**

It goes without saying: You take rubbish with you again, on the mountain and in the valley. Please also organic waste, because it is composted much more slowly at altitude. You can dispose of the rubbish properly at home or in your accommodation - please remember that there are no rubbish bins in public spaces in Kleinwalsertal.

#### **On the natural toilet**

If you are looking for a quiet place, please be at least 50 m away from water. Bury excrement or cover it with a large stone. Use fallen leaves or recycled toilet paper and put the paper back in the trash bag.

#### **On tour with a dog**

Are you always in control of your four-legged partner, even if he gets his nose for marmots, deer or other wild animals? You are both on the safe side on a leash. Keep dogs on a short leash near grazing cattle. If an attack by a grazing animal is foreseeable: leash off immediately. There are numerous dog stations in the valley for the disposal of dog bags. The farmers and alpine farmers thank you because manure in meadows and fields contaminates the feed and makes grazing cattle sick.

### **CONSCIOUS to each other**

#### **Consideration for other athletes and those looking for relaxation**

Everyone loves to enjoy a special piece of earth for themselves. But most of the time we are not traveling alone. No problem, because there is enough space. Allow time, open the way in an accommodating manner, provide support when someone needs help and always give a smile. So nothing stands in the way of friendly cooperation and relaxed enjoyment of nature.

#### **Appreciating the preservation of the cultural landscape**

Alpine landscapes are touching with their contrast: Imposing peaks and natural forests alternate with gentle valleys, well-tended meadows and pastures. In the Kleinwalsertal too, this delightful landscape at three altitudes is no coincidence, but the result of an interplay of natural and cultural landscapes. Behind this is the work of farmers, alpine and forestry as well as hunters. With their work, they ensure that the attractiveness of the recreation and leisure area and the diversity of species are preserved. We already say thank you if we stay on the marked trails and enjoy regional products.

#### **EXPERIENCE farsighted**

#### **Safe on tour - for you and others**

Whether on a ski or snowshoe tour in winter or on a mountain tour in summer, anyone who is out and about in alpine terrain has to be well prepared. This includes careful information and tour planning as well as the right equipment. Correctly assessing alpine dangers requires a lot of knowledge and experience. Why not learn from professionals and go on tour with one of the experienced guides?

Nature experience map, scale 1:12,000; Kleinwalsertal tour map (with hiking guide), scale 1:25,000; DAV hiking map, scale 1:25,000; the respective cards are available for a fee in the Walserhaus Hirschegg.
